Round One consists of 1 component called "Open Service." The Semi-Final Round consists of 1 component called "Compulsory Service." The Finals Round consists of 1 Open Service presentation per competitor.	Due to the steep increase of competitors in recent years and to the need of maintaining the competition in a 3-day window, the WBrC will now have 2 or 3 rounds, based on the total number of competitors.	Competition Bodies can choose the format most suitable for their final competition between the two.

	C. If the number of competitors is more than 38, there will be 2 rounds: Round One and Finals Round. Round One consists of 1 component called "Open Service." The Finals Round consists of 1 Open Service presentation and 1 Compulsory Service Presentation per competitor. D. The Round configuration will be confirmed 8 weeks prior to the commencement of the WBrC.		
B. During each competition Service, competitors will be evaluated by 3 sensory judges. Additionally, a head judge will be present. During the Compulsory Round, the head judge will taste from the cups served, or will take a sample from the cups, pending local health and safety restrictions. Additionally, the head judge will evaluate sensory uniformity of cups served during Compulsory Service. During the Open Service round the head judge will not taste the cups served. The head judge will evaluate overall workflow and technical uniformity in Open Service. These items will count towards the final score.	E. 3.8 Coffee Preparation			
C. The “extraction time” is defined as the duration of time that begins the moment the brew water and coffee grounds first come into contact and ends the moment the competitor stops brewing. Brewing stops when the extracted beverage has completely separated from the coffee bed (water retained within the coffee grounds is not considered part of the “extracted beverage”), or when the barista has cut the flow of extracted beverage into the service vessel, whichever comes first. Water used to pre-wet or rinse filters is not considered “brew water” in the context of “extraction time.”	C. During the Open Service, competitors have the option to use the Standardized Service Vessels or service vessels of their own provision (either a cup, or in a separate vessel alongside a cup). In case the competitors use their own service vessels, they must provide the head judge with an additional empty vessel suitable for drinking. This vessel must be the same used for sensory judges.	In Open Service, if competitors are providing their own service vessel(s), they are required to provide an additional empty service vessel suitable for drinking to the judges for checking capacity.	Competition Bodies may take up these changes to the 2025 season or wait until the 2026 season.

5.4 Additional Electrical Equipment			
N/A	D. Electrical outlets might not be available in the backstage for competitor use outside of their scheduled practice time.	Added for clarity. The penalty has been removed as it is already considered in “Attention to details”.	Competition Bodies may take up these changes to the 2025 season or wait until the 2026 season.
D. Judges will perform Aroma evaluation according to the competitor’s instructions (if given) or as outlined above. Once the beverage is actively placed in front of the judge (“served”), the competitor may no longer interact with the service vessels. If a competitor changes, modifies, affects, or otherwise interacts with the beverage once they have been served, the judges will evaluate the modified beverage as a new beverage, and any prior evaluation will be disregarded.	D. Judges will evaluate their beverages after being served. If a competitor changes, modifies, affects, or otherwise interacts with the beverage once they have been served, the judges will evaluate the modified beverage as a new beverage, and any prior evaluation will be disregarded. The competitor may override the timing of the Aroma evaluation, by having the judges to evaluate Aroma before the beverage is served (e.g. from the pitcher instead of from the cup), as long as the beverage served to the individual judge is clearly the same as the beverage from which the Aroma was assessed. If this is unclear, the judge will reassess the Aroma from the beverage served.	Added for clarity.	Competition Bodies may take up these changes to the 2025 season or wait until the 2026 season.
8.1 Summary

8.2.1 Practice/Setup Time			
B. Option 2: A practice time will be scheduled prior to the setup time. Competitors will then have 8 minutes to setup their station and prepare all relevant items for the Competition Time. Electrical equipment may be setup and plugged in prior to the start of Setup Time but may not be energized (turned on) until Setup Time begins. When Setup Time concludes the competitor must cease all active preparation and manipulation of items on the Machine Table and the Competitor Table that will be involved in the coffee service until the Competition Time begins. Competitors may not be holding in their hands anything involved in the coffee service after the Setup Time concludes, with the one exception of a timer. Competitors should account for the fact that the time between the end of Setup Time and beginning of Competition Time may and shall vary in this scheduling second option.	B. Competition Bodies may take up these changes to the 2025 season or wait until the 2026 season.
12. Coaching			
N/A	Instructions or 'coaching' may not be provided to a competitor during the time of their competition under penalty of disqualification. The WBrC encourages audience participation and enthusiastic fan support that does not interfere with competition. Coaches, supporters, friends, or family members are not allowed on stage while the competition is in progress, otherwise the competitor is subject to disqualification by the presiding head judge.	This section (removed by mistake during previous rules updates) has been reintroduced in line with other WCCs.	Competition Bodies must take up these changes in the current season.
16.1.3 Aftertaste			
Closely related to "Flavor," "Aftertaste" is defined in coffee cupping as the combined sensation of basic tastes and aromatic qualities that remain after coffee has left the mouth, either via swallowing or spitting. 16.1.6 Mouthfeel			
"Mouthfeel" is defined as the tactile sensation of coffee in the mouth, based solely on a coffee brew's thickness and texture (not flavor). "Thickness" refers to the perceived weight or viscosity of the brew (e.g., "thin" or "light," "thick" or "heavy"), while "texture" refers to the perceived sensation of grittiness or smoothness ("rough," "creamy," "smooth," "mouth-drying"). Judges will first evaluate the "thickness" ("weight" or "viscosity") of the brewed coffee and mark this as "intensity" using the scale on the scoresheet, before noting any descriptors that are especially associated with the thickness or texture of the coffee. Brews with light or heavy mouthfeel may receive high scores relative to the quality of the tactile feeling in the mouth (the thickness or weight of the mouthfeel is not correlated to the quality perception and score). "Creamy" has been substituted with "Oily", as the latter best describes the sensation intended. Creamy can also sometimes be associated with a taste sensation, which is not captured under "Mouthfeel".	Competition Bodies may take up these changes to the 2025 season or wait until the 2026 season.

Competition Bodies may take up these changes to the 2025 season or wait until the 2026 season.
21.1 Judging/Scoring Issues at the World Coffee Championships			
Most scorekeeping questions will be answered during competitor debrief. If a competitor objects to the scores given by one or more judges, the competitor can meet with their head judge during the competitor debriefing to explain their protest. If the head judge is unavailable, the competitor may discuss with the Judge Operations Lead onsite. If the issue is not solved, the competitor may protest in writing to WCE (see Appeals below). This will be reviewed by judge leadership and the WCC Competition Strategic Committee. They will make a decision and a representative of the WCC Competition Strategic Committee will inform the competitor of the decision. If in the unlikely event that the head judge or any other WBrC personnel discovers or suspects potential dishonest behavior by a WBrC judge during a competitor's evaluation, then the following will apply:	Scorekeeping questions will be answered by the judging team during competitor debrief. If a competitor has further questions, the head judge and/or Judge Operation Lead (JOL) will be consulted. If the competitor feels that there has been an error that is unresolved, they may protest in writing (see Appeals section below). The appeal will be reviewed by judge leadership, WCC staff, and the WCC Competition Strategic Committee (CSC) and a representative of the WCC will inform the competitor of the decision. If in the unlikely event that the head judge or any other WBrC personnel discovers or suspects potential dishonest behavior by a WBrC judge during a competitor's evaluation, then the following will apply: The head judge will request the return of all applicable scoresheets from the official scorekeeper. 21.2 Other Issues at the World Coffee Championships

If a competitor has an issue or protest to make regarding the WBrC during the competition, the competitor should contact the WBrC event organizer. The event organizer will then determine whether the issue can be resolved on-site at the WBrC, or whether the issue will require a written appeal following the WBrC. If the WBrC event organizer decides that the issue and/or protest can be solved on-site at the WBrC, the WBrC event organizer will contact the involved party or parties to ensure fair representation. The competitor's issue and/or protest will be discussed, and a decision will be made jointly, on-site by the WBrC event organizer and the designated onsite representative of the WCE Judge Operations	If a competitor has an issue regarding the WBrC during the competition (e.g. scheduling, logistics, etc.), the competitor should contact the WCC staff onsite. 22.2 Appeals at a Competition Body Event

If a competitor has an issue or protest to make regarding their Competition Body Championship during the event, the first step should be to contact the event organizer and/or WCC Representative on site.
